3	Action	<ul style="list-style-type: none"> • If snow is predicted, volunteers to be asked to salt priority pavements. • If snow has fallen, volunteers to sweep and grit High Street pavements (if able to get to work). • Shopkeepers and residents asked to clear pavements in front of their properties using grit in bins provided.
4	Gritting Route	The map on page 3 shows roads to be treated by WSCC. The A272 from the A23 to Haywards Heath is a primary route, as is Cuckfield High Street through to the B2116 to Warninglid. London Lane is also an approved route for gritting.
5	Cuckfield Village	The map on page 4 indicates location of salt bins and siting of hippo bags.
6	Problem Roads and Pavements to be cleared	<p>Problem Roads None of the side streets are gritted making access/egress for all drivers difficult after heavy snow. Access to the medical centre and shops, particularly for the elderly, is important. Access also needs to be maintained to the schools.</p> <p>Pavements to be cleared: High Street (steep hill and access to local services) Medical Centre, Glebe Road Scrase Stream footpath, Glebe Road Holy Trinity Primary School, Glebe Road Warden Park School Old Park Close, Broad Street (Sheltered Housing) Annandale, Broad Street (Sheltered Housing) Tower House Close, London Road (Retirement Homes)</p>
