Subject: Secure Bike Storage

Dear whom this may concern.

I am a local resident of Ockenden Lane.

Myself and my lodger are keen cyclists and we both have several bikes. Without a garden or anywhere to store bikes, I would like to enquire about any safe bike storage facilities in the village that may be available?

I know Brighton and Hove and Haywards Heath provide secure bike cages on the streets for residents to store their bikes.

Is there any possibility that Cuckfield might be able to find funding for a secure bike store. It is important to promote sustainable transport and health and wellbeing. I also think a secure bike store in the village would benefit visitors, with the growing High Street and new restaurant, a secure bike store would be beneficial to the local area.

If someone could please respond to me with any comments that would be great.

Kindest Regards

Georgina McLeod
