Key notes and exclusions -

We have assumed that sufficient access will be granted to the area concerned.

It is the client's responsibility to provide Interserve with all necessary access and or parking permits required to access site.

Our proposal does not include for working around or near asbestos type surfaces. If asbestos is found during the installation, it will be the client's responsibility to make the area safe for the installation works to proceed. Additional costs may be incurred for installation work carried out adjacent to asbestos.

We have made no allowance for the interconnection between Fire Alarm interface equipment and any third party equipment. Interserve Fire Services will provide a 2 metre flying lead however, final connections to be made by others.

Equipment and wiring provided by others and any existing wiring and equipment will be excluded from the certification documents. Therefore, we do not accept any responsibility or liability with regard to the condition and serviceability of same.

No inclusion has been made for the disposal of any redundant hazardous equipment. Special arrangements will need to be taken by the client for this.

Where any works may require the use of a plant. It is the customer's responsibility to ensure delivery and storage of plant until the commencement of any works. If delivery is refused, an additional delivery cost may apply.

Additional information

Our standard delivery for remedial works is four weeks. Please contact your account administrator to make arrangements for the works to go ahead. In the meantime if you have any questions please do not hesitate to get in touch.

Hours of work

This quotation is based on the assumption that the works would take place during normal working hours (Monday to Friday, 08:00 - 17:00). For all work outside of these hours, additional rates will apply.

Validity

This quotation is not an offer to proceed and shall be valid (unless withdrawn by us) for 30 days from its date. If you wish to place an order please ensure you use the reference code. We reserve the right to submit a revised quotation if you order part only of the products and/or services.

Terms and conditions

This quotation is subject to the Terms and Conditions of contract which, unless specifically excluded in writing, are to be read in conjunction with and in addition to our General Conditions of Sale, a copy of which is available upon request.

Aborted Works

For any cancellation of works within 48 hours of the scheduled works start time, a fee of £250.00 per assigned engineer is applicable and will be payable to Interserve Fire Services.

Terms of payment

Payment is due subject to the Terms and Conditions of the contract.

VAT

The price quoted is exclusive of Value Added Tax, which will be charged for at the current rate.

Delivery

Delivery times quoted are those anticipated from the date of order acceptance by Interserve. Works will commence within 4 - 6 weeks from acceptance of order by Interserve. A service date will be allocated within five working days on receipt of purchase order.

Access and safety

Access equipment required to work above three metres should be provided by you without charge, unless specified, and work areas made safe and classified non-hazardous. Unless stated otherwise this proposal is based on all work being carried out on a continuous basis during normal working hours

Variations or unpriced works

All of our representatives and operatives have strict instructions not to carry out any additional or variation works, unless in receipt of written instructions from yourselves. Such variations or unpriced works will be charged for, either following your acceptance of our supplementary quotation or against our schedule of rates.

Warranty

Unless stated otherwise, all items supplied by us are warranted for a period of 12 months from the date of commissioning or supply, covering manufacturing defects and poor workmanship. This warranty is limited to repair or replacement at our discretion, during normal working hours.
